1-SUBJECT OF INSURANCE

The subject of this insurance, in addition to Health Insurance General Conditions, is the reimbursement of expenses, arising from complications, which may arise from surgeries, procedures and interventions, performed in hospitals and clinics in Turkey, which are accredited for healthcare tourism, for an insured, who is domiciled abroad and who has traveled to Turkey for healthcare tourism.

This product may be purchased by choosing an advance policy commencement date of up to 180 days. Policy coverage commences on selected commencement date and expires 180 days thereafter. For validity of coverages, performed surgeries, procedures, interventions and possible complications must occur during the term of this policy.

Policy may be issued for persons between the ages of 18 and 75.

Insurance coverage is only valid for persons specified in the insurance policy and other persons may not enjoy the coverage. Coverages, provided with this policy, are limited to those, specified on policy and in the certificate.

This policy does not include daily care pay and daily disability pay. In this policy, there are no transfers or protection of rights, earned on transfer from other insurance companies.

In this policy, there is no lifetime renewal guarantee practice. There are no coverages in this policy for death.

3- COVERAGES AND RULES OF IMPLEMENTATION

A-INPATIENT TREATMENT COVERAGE

The medical complications, arising following surgery, intervention and medical applications on insured, performed in a healthcare institution within the territory of Republic of Turkey, which has Healthcare Tourism Accreditation Certificate, reimbursed according to coverage limits for the treatments, specified in the policy and certificates.

In plastic surgeries and dental treatments, dissatisfactions, arising from personal preferences, are excluded from coverage.

The coverage is only valid for the surgery or intervention, specified in the policy and complication, arising from another medical treatment or application, outside of related policy plan, are excluded from coverage.

The expenses, required for treatment of complication with revision surgery are covered and rehabilitation/physical therapy expenses, which may be required following surgery/intervention, are excluded.

Tests and pharmaceuticals for medical procedure are also reimbursed under this coverage. Diagnostic procedures, beyond diagnosis, required by medical procedure and standard pre-operation tests and pharmaceuticals, which are unrelated to surgery, are excluded from the Coverage.

Support therapies before and after both the initial surgery and revision surgery (installation of an IV line, supportive pharmaceutical therapies, blood glucose level, blood pressure regulation, etc.), and additional examinations and follow-up tests, planned/required for health problems, which are not connected to surgery, are excluded.

B-FLIGHT TICKET COVERAGE

The price of economy class flight ticket, paid by the insured for treatment of complication, arising as a result of a treatment, applied to insured in Turkey, or revision of surgery, is reimbursed subject to limit and exclusions in the policy. Flight ticket coverage limit varies between plans; check your certificate. Coverage is indicated on certificate and/or policy. Flight ticket coverage has an exemption of EUR 100 and maximum payable coverage varies depending on plan. Coverage limit is specified in the certificate and policy.

C-ACCOMMODATION COVERAGE

Accommodation expenses, paid by the insured for treatment of complication, arising as a result of a treatment, applied to insured in Turkey, or revision of surgery, before and after the treatment in Turkey, outside of healthcare institution, are reimbursed under this coverage, at a maximum of USD 100 per day and up to the coverage limit, specified in certificate. Accommodation expenses are subject to exemption of EUR 200/2 days in surgical plans and EUR 100/1 day in other plans and coverage will be applicable to subsequent days of accommodation after expiry of these exemption terms. Optional accommodation without medical necessity, is excluded from coverage. Necessity of accommodation is determined by a physician report.

D-INTERVENTION IN NATIVE COUNTRY COVERAGE

May be purchased optionally.

Minor interventions and medical treatments, related to early complications, such as discharge in wound and infection, related to medical procedure/surgery, experienced by the insured after returning to native country, which do not require the insured to return, will be reimbursed within the limits, specified in the policy and certificate under this coverage.

For reimbursement of these expenses, the insured must deliver medical report and original invoice, bank information for payment (SWIFT, IBAN), via mail. Following evaluation, payment for covered expenses, will be made to the bank account of insured, subject to coverage limits. In payments, bank transfer and swift expenses will be deducted from coverage limits.

E-COMPANION EXPENSES COVERAGE

May be purchased optionally only in Surgery and Cardiovascular Surgery plans. Related coverage is not valid for the initial procedure/surgery to be applied in Turkey.

On activation of policy coverages during the secondary procedure to be performed on the insured, transportation and accommodation expenses for one companion, who will travel to Turkey with the insured, will be reimbursed, subject to coverage limits and exemptions, specified in policy and certificate.

Companion expenses in hospital invoice during hospitalization, are excluded.

F-TRAVEL POLICY COVERAGE

This is included in all plans. Healthcare, ambulance, medical consultancy and transfer of remains expenses, are considered within the framework of coverage limits and travel health insurance special conditions (separately presented in the annex).

G- HOSPITAL DAILY PAY, DAILY CARE PAY AND DAILY DISABILITY PAY

This policy does not include hospital daily indemnification, daily care pay and daily disability pay.

- 13- Even if prescribed by a physician, all drugs, not used during hospitalization
- 14- Private nurse expenses, suite room charge.
- 15- Alternative medicine methods, examination and treatment expenditures in alternative medicine centers, all procedures in anti-aging centers, treatments, which are not scientifically proven, experimental treatments and medical materials, pharmaceuticals and treatments, deemed in experimental phase by the United States Food and Drug Administration (FDA) and procedures, not specified in TTB/HUV (Turkish Association of Physicians),
- 16- Complications, arising from treatments and procedures, performed in institutions and establishments, which are not accredited for Healthcare Tourism, in unlicensed institutions and by persons without a medical diploma.
- 17- Complications, which arise more than 6 months after a procedure or surgery, performed in compliance with policy plan.
- 18- Expenses for procedures for revision of complications, performed outside of the healthcare institution, where original surgery, medical procedure or plastic procedure are performed after the commencement date of policy
- 19- In case of death of insured as a result of treatment or medical intervention, received in Turkey, the portion of expenses for transportation of remains and internment, which exceed the travel plan coverage under this policy.
- 20- As a result of a second opinion assessment of the insurer, by a neutral physician, in case it is determined that the health problem was not a standard complication and was caused by incompilance of patient/insured, no reimbursement is made.
- 21- Death compensation in case of death of insured following medical procedure.

6- INDEMNIFICATION PRACTICES

Amount of acceptable indemnification, under coverages, granted to insured during the term of policy, is paid from related coverage, defined in certificate, in line with coverage limit and payment rate. Even in case of multiple complications under the same plan and in case the insured has to travel to Turkey for several times, total payable reimbursement may not exceed the total coverage limit, written on the policy.

This policy is not subject to preliminary approval with provision.

There are no coverages in this policy for death.

The amount of healthcare expenses, made by the insured, are paid to the credit card or account of the person, in whose name the hospital invoice is issued, at the end of 10-day examination and assessment period after delivery of the following documents and additional documents, which may be required under the plan, to Insurer.

In case of development of complications, the surgery/procedure must be in the institution of original surgery or procedure.

No expenses, related to initial procedure/surgery (such as early complications, prolongation of hospitalization due to other health problems, removal of stitches), are excluded from the policy.

The invoice for the health expenditure must be issued in the name of the insured. The refund is made to the person to whom the invoice was issued. If the insured

requests payment on behalf of a person other than himself/herself, original-signed document instruction letter must be sent to the Company along with the compensation documents.

For acceptance of deterioration of health following a procedure or surgery, as a complication, international medical literature is considered. Malpractice is excluded. In suspicious cases, the insurer may evaluate the case by requesting a second opinion (a physician, who is a lecturer in faculty of medicine or from physicians' professional association).

While additional documents may be requested on the basis of policy plans, in all reimbursement claims for all plans;

- Letter of authorization, to enable insurer to obtain medical documents
- Initial surgery report
- Consent form, signed by insured/patient before initial surgery, specifying possible complications,
- Declaration of insured concerning complication (the commencement date, complaints, etc)
- Medical report, explaining complication treatment, if any, surgery report
- Originals of invoices, showing expenses for healthcare institution, hotel and transportation costs, document, showing flight ticket destination and dates.
- The photocopies of stamp page of passport, showing dates of entry to and exit from Turkey and the first page, showing identity information.

Dental Plan:

Complications, which may be reimbursed under dental plan are expenses, which arise following tooth extraction, surgical tooth extraction, root canal operation, implant operation, prosthetic tooth application and periodontology applications. Orthodontic treatments are excluded from coverage.

In prosthetic tooth application, problems, such as undesired color or form of prosthesis, will not be deemed as complication and no reimbursement will be made.

In surgical tooth extraction, complications, such as delayed hemorrhage, gingiva infection, leaving a part of tooth; in implant applications, ill-fitting implant, loose implant, dislodged implant and inflicting damage on jaw bone, are excluded from coverage.

In the absence of the treatment plan and panoramic x-ray prepared before the first treatment in the dental plan, and the current panoramic x-ray taken at the end of the treatment and when complications develop, compensation is not paid.

If there is a treatment period in the dental plan that will last longer than 6 months in the treatment plan, the second policy, which was initiated 6 months after the first policy, must be received within 30 days following the issuance of the first policy. In this case, the guarantee period is taken into account as 12 months. In long-term treatment planning, if a second policy is issued more than 30 days from the first policy start date following the purchase of the first policy, it is not considered as complementary policies.

DEMİR SAĞLIK VE HAYAT SİGORTA A.Ş. HEALTHCARE TOURISM COMPLICATION INSURANCE SPECIAL CONDITIONS

ARTICLE 1 - SUBJECT OF INSURANCE

This insurance contract hereby has been made by and between Demir Sağlık ve Hayat Sigorta A.Ş (hereinafter will be referred to as Insurer) and the insured. This insurance covers expenditures, related to accidents and sudden illnesses, which may occur during travel, in line with Travel Health Insurance General Conditions and Health Tourism Complication Insurance Special Conditions, within the limit, specified in the policy.

This insurance covers the travels of persons, who reside outside of the borders of Republic of Turkey and who are not citizens of Republic of Turkey, to Turkey, as specified in the policy.

The insurance coverage is determined within the framework of information on the policy. Coverages are only valid for persons, specified in the policy and other persons may not enjoy the coverage.

The person, who will enjoy insurance, must be in their own country as of the moment of application; otherwise the coverages will be void.

ARTICLE 2 - INSURANCE DEFINITIONS

INSURED : Is the person, whose name is specified in the insurance policy in force, prepared by the Insurer, and who is included in insurance coverage.

INSURANCE PROVIDER : Is the real or legal entity, who is a party to the insurance contract with the Insurer and who bears the obligations, arising from insurance, such as payment of insurance premiums.

BODILY HARM/INJURY : Means injury, other than illness or sickness, which occur during the term of the contract entirely and directly in a vehicle accident, within the geographical area, subject to contract.

DISEASE : Sudden and unexpected illnesses, which occur after the date of commencement of insurance, provided that they remain within the insurance coverage.

PRE-EXISTING CONDITIONS : Are all health conditions, requiring treatment, surgery or medical consultancy prior to the date of commencement of insurance and/or are persistent.

SERIOUS HEALTH CONDITIONS : Are sudden, life-threatening illnesses and accidental injuries during the term of insurance, requiring emergency medical transfer decision by Emergency Assistance Center authorities.

EMERGENCY ASSISTANCE CENTER : Is the Emergency Assistance Center, with telephone numbers, given in Special Conditions booklet and in the policy, serving 24 hours a day in case the insured gets sick or is injured as a result of accident within the territory, specified in the policy, provided that it remains within insurance coverage.

POLICY : Is the Travel Health Insurance Policy, prepared by the Insurer for individuals and groups, for which necessary service is provided by Emergency Assistance Center.

EXEMPTION : Is the expenditure amount, written on the policy, requiring contribution for each incident, provided that it is applicable to the on-duty physician examination in the hotel, camping, etc., under the Treatment and Hospital Services Coverage.

PANDEMIC : All diseases, declared as pandemic by World Health Organization.

ARTICLE 3 - INSURANCE COVERAGES

MEDICAL CONSULTANCY : In case of an emergency, the notification of names and addresses of closest physicians, hospitals and healthcare institutions to the insured.

EMERGENCY MEDICAL TRANSFER : Is the transfer of the insured by land to the closest hospital, where medical care can be provided. First aid during transfer is covered by the insurance.

After necessary first aid, in line with opinions of treating physician and medical authority of Demir Sağlık ve Hayat Emergency Assistance Center, if there are no obstacles, preventing the insured from returning to country of origin on a scheduled flight, the insured is repatriated to country of origin. After repatriation to country of origin, in case the treatment of insured must be continued, the insured is placed to a healthcare institution, close to his/her domicile.

Demir Sağlık ve Hayat Emergency Assistance Center is entitled to decide the necessity of emergency medical transfer of insured, the destination and means of transfer.

MEDICAL TREATMENT COVERAGE : Provides coverage for expenditures, related to physician examination, prescription, tests-x-rays, hospitalization, meals, nurse, surgeon, anesthesiologist, specialist consultant, intensive care, operating room and consumables in Contracted institutions within the framework of limits.

PANDEMIC / COVID-19 : Subject to following conditions, in "Pandemic Inclusive" plans in the product, all pandemics are covered by this policy for the insured between ages of 18 to 65:

For coverage of pandemic, pandemic must have been declared by World Health Organization, the insured must not be older than 65 years of age, must have had a test for related diseases three days before entering the territory of Turkey and must be able to document health status at the beginning of travel.

For medical treatment and intensive care expenses in healthcare institutions, declared as pandemic hospitals, authorization is provided directly to healthcare institution in case it is a Demir Hayat Sigorta A.Ş. contracted institution and payment process is commenced. In case of a non-contracted institution, the following documents must be submitted for reimbursement:

- 1- Passport entry-exit photocopies,
- 2- Photocopy of passport's front page,
- 3- Report, physician monitoring forms, detailed invoice and test results

Expenses at institutions, which are excluded from contracted institution network, are considered with a limit of 1 x TTB. In case plan of choice includes this coverage, it will be shown on the certificate and will be covered in the policy.

REPATRIATION OF REMAINS : Covers the repatriation of the remains of deceased insured and the transfer of the same to the place of interment in the country of permanent residence by land or air, coordinated by Demir Sağlık ve Hayat Sigorta authorities. The cost of funeral and interment are excluded from coverage. Upper limit for this guarantee is EUR 2,500.

ARTICLE 4- TOTAL MAXIMUM LIMIT
